

Live your best life...

The POD

The Premium POD is our most popular unit. It is incredibly adaptable, compact and lightweight.

A great value internal vend trailer, it weighs less than 750kg and can be towed by most family cars.

With our full design service, you can customise it to your heart's content! Paint it any colour or go for a full graphics wrap to show off your brand.

From food and beverage, to a ticketing kiosk or product sampling unit, the POD from Mobile Retail can do it all.

"Mobile Retail smashed the brief! We wouldn't be attracting so many people if we didn't have this amazing trailer today"

Essie

Airstream-style trailer

Turn heads at festivals and outdoor events with this stunning retro trailer, based on the 1950s American caravan. With massive kerb appeal, our Airstream-style trailer grabs attention and gets customers talking.

The Airstream-style trailer delivers versatility. It's large size means varied layout and use options.

It's a popular choice for brands running experiential marketing campaigns.

This stylish trailer is finished in mirror chrome or can be custom painted. The Airstream-style model is perfect for use as a static kiosk, or can be transported from one event to another.

"Mobile Retail kept me involved with the build process from start to finish. They listened and provided innovative solutions"

Peddling Pizzas

Piaggio Ape Classic

The Piaggio Ape Classic's beautiful Italian design is the perfect platform for street food and marketing campaigns. For businesses wanting to promote their green credentials, you can also choose to go electric.

The Piaggio Ape Classic is available in two distinct models; "internal vend" and "three-way opening".

The internal vend model allows you to stand inside, with a more spacious layout offering the opportunity to sell a wider variety of food and drink. With a curved roof and three large opening doors, the three-way opening model provides an open plan and airy environment allowing you to trade outside of the vehicle.

Piaggio Ape 50

Small and beautiful, Italian and quirky; this flexible tuk tuk-style cart is all about maximising space and profits. These little three-wheeled vans are guaranteed crowd-pleasers.

The Piaggio Ape 50 is made from the finest materials by our experienced craftsmen and is built to last.

*"On our first opening day,
we served over
500 customers, making
over £2500!"*

Street Food Vibes

Citroen H Van

The Citroen H Van is a new take on old school cool. The retro look of the Citroen H Van replica is synonymous with the street food scene.

This spacious design provides a functional working environment where you can cook fresh food on our industry standard grills and friers, and

serve fresh barista style coffee or cold beverages.

The Citroen H Van replica is a platform where almost anything is possible and with its vintage look brings a nostalgic feel to the customer experience. Quite simply, this is one cool vehicle.

Mobile Counters

We developed the concept of a Mobile Counter that can be added to compliment the main store or can be used anywhere in a mobile location. They have been designed to be free standing with onboard water and waste facilities.

The Modular Counter is not just an over spill service point or pay point. It has been used as a wireless network point. It's perfect for hotels as a wine order point for banquets, or even in Colleges, airports, major train stations and exhibition centres for increasing coffee and sandwich sales.

"You listened to our brief, improved it with your expertise and came through in excellent style! Thank you Mobile Retail"

Yorkshire Tea

Van Conversions

Convert a van into your next marketing campaign!

We built the famous Yorkshire Tea "Little Urn" sampling van and we could do similar for you.

Travel across the country with ease and put your products in the hands of your customers.

From product sampling, to retailing your product or providing a service, the only limit is your imagination.

From Caddy to Camper, we can customise any van, so share your idea with us and let's bring your project to life.
